

# COONEY FREEZE BLOCK™ TECHNOLOGY

THE ONLY COIL DESIGNED TO BLOCK FREEZE DAMAGE

## BE CONFIDENT WITH A COONEY COIL

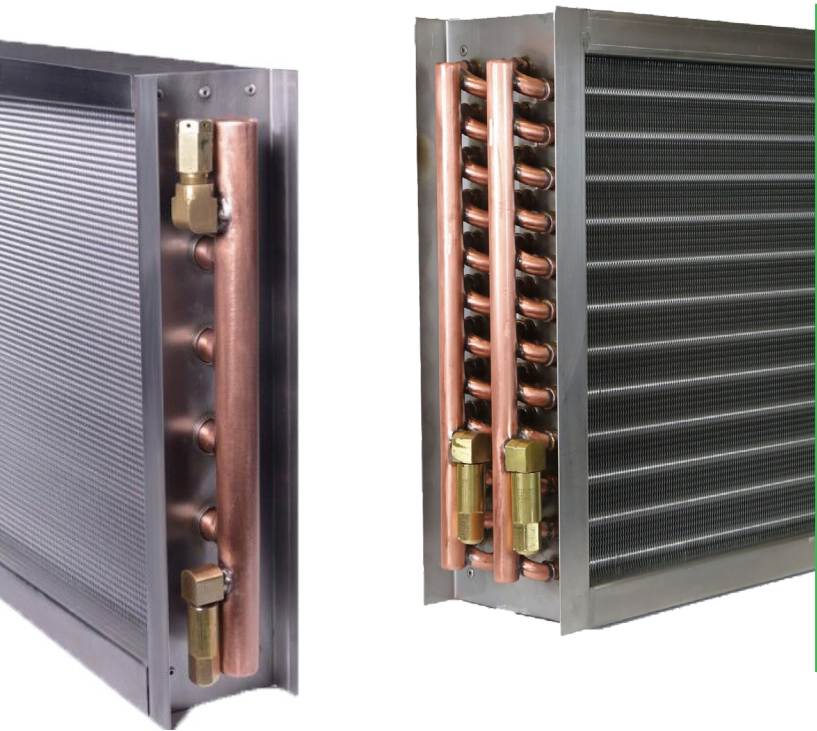

The Cooney Freeze Block™ Coil is designed to dramatically reduce future maintenance, premature coil failure and related downtime.

Freeze Block™ Valves are designed to displace a controlled volume of water as a coil begins to freeze and reseal after discharging to prevent flooding once thawed.

## ENGINEERING & SPECS

- Available for steam, hot water and chilled water coils
- All coils and valves are factory assembled and tested prior to shipping
- Climate and wind tunnel tested to  $-74^{\circ}\text{F}$
- Valve temperature setting:  $35^{\circ}\text{F}$  to open
- Valve pressure setting: 200 PSI
- 30-month warranty against freeze damage
- 48-month warranty with Cooney Smart Coil Technology
- Steam coils supplied with factory installed vacuum breaker, pitched case and distributing tube center clips for optimal condensate removal
